Knowledge Transfer Handbook + Profile Builder

What is it?

The Little Yellow Handbook contains practical tips, checklists and templates aimed at supporting researchers interested in pursuing academia-industry knowledge transfer. It is divided into four sections which relate to the key elements of a knowledge transfer project

- Presenting your Knowledge
- Sourcing the Funding
- Developing the Interest
- Negotiation and Contract

uni4inno

Innovation Offices in Ukrainian
Higher Education Institutions

KHAI, September 2011

Main expectation and idea after the training:

To introduce ONU inventions with the help of useful appropriate tools and to the Industry of EU and Ukraine: small steps, international funding and national entrepreneurs' needs, thematic concrete promotion of the IP of affiliated inventors; not to be too formal and not to copy the existing activities; to start from international TT.

Positive signs:

Feedback from business (the birth of the IO meets the expectation from them);

Loyal interest from the scientist (applications).

THANK YOU

*Iryna Nyenno, PhD. of Economic Science,
Head of the Centre “Innovation Office”
of Odessa I.I. Mechnikov National University*
